PROXY CONSENT TO TREAT MINORS FORM

The Allergy and Asthma Center requires a parent or legal guardian to be present at the new patient appointment. We feel it is also important for a parent of a minor child to attend all follow-up visits, but realize this may not be possible. This form may be used to allow an adult other than a parent to serve as a proxy decision maker for routine medical care and services at the Allergy and Asthma Center during recheck appointments.

For some families, it may be more convenient to have prior authorization in place that allows routine medical care to be delivered to minors under the care of a proxy decision maker if a parent or legal guardian cannot be present to provide consent. This is important, in that, medical care cannot be provided to a minor without approval by the parents or legal guardian, unless there is written consent. If you would like to appoint a proxy decision maker, please review and complete the following form authorizing a proxy decision maker to consent to and authorize medical treatment or services for and to be involved in the care of a minor child.
